Dear Harold,

This is in reference to your "participation" on WBAI radio on Nov. 22, 1983, during which you were so rudely treated when they called you up. Margot Adler, the host, has repeatedly told me, w henever I called up her shows on prior occassions, that she never wanted to discuss the JFK assassination with ANY callers. H er shows always dealt with lesbianism exclusively. Also, during ome of my calls she said she knew absolutely NOTHING about the JFK case so it remains a wonderment why SHE was selected to host the aforementioned panel show you "guested" on dealing with the subject. I know nothing about her personal backround other than that.

Hoping this is helpful, I remain, respectfully,

Ted Gandolfo
